

I enjoy eating meat regularly (T-1)

Meat tastes delicious to me (T-1)

I crave meat (T22)

Most people I know eat meat regularly (T27)

A graph with three nodes: T-1 (blue), T22 (red), and T27 (purple). T-1 and T22 are connected by a thick purple line, while T27 is isolated.

The diagram illustrates the following relationships between statements:

- Positive Correlations (Orange lines):**
  - I enjoy the taste of meat (T25) ↔ I find meat easy to prepare (T12)
  - I find meat easy to prepare (T12) ↔ I eat meat regularly (T18)
  - I believe meat is not bad for you (T11) ↔ I eat meat regularly (T18)
  - I eat meat regularly (T18) ↔ I avoid eating meat in excess for health (T7)
  - I eat meat regularly (T18) ↔ Most friends and family eat meat regularly (T9)
  - Health concerns could make me stop eating meat (T11) ↔ I avoid eating meat in excess for health (T7)
- Negative Correlations (Purple lines):**
  - I enjoy the taste of meat (T25) ↔ I avoid eating meat in excess for health (T7)
  - I find meat easy to prepare (T12) ↔ I avoid eating meat in excess for health (T7)
  - I believe meat is not bad for you (T11) ↔ I avoid eating meat in excess for health (T7)
  - I eat meat regularly (T18) ↔ I avoid eating meat in excess for health (T7)
  - Most friends and family eat meat regularly (T9) ↔ I avoid eating meat in excess for health (T7)
