

The diagram illustrates the following connections between beliefs:

- Green nodes:**
 - 'I cook most meals at home (T26)' is connected to 'I eat meat with every meal (T19)' by a purple line.
 - 'I eat meat with every meal (T19)' is connected to 'I eat less meat than before (T7)' by an orange line.
- Blue nodes:**
 - 'I prefer grass-fed meat (T0)' is connected to 'I cook most meals at home (T26)' by a purple line.
 - 'I prefer grass-fed meat (T0)' is connected to 'I eat meat with every meal (T19)' by a purple line.
 - 'I avoid processed meats (T0)' is connected to 'I eat meat with every meal (T19)' by a purple line.
 - 'I avoid processed meats (T0)' is connected to 'I eat less meat than before (T7)' by an orange line.
 - 'I am concerned about animal welfare (T5)' is connected to 'I eat less meat than before (T7)' by a purple line.
- Orange nodes:**
 - 'I select meat for health benefits (T11)' is connected to 'I eat less meat than before (T7)' by a purple line.
 - 'I eat less meat than before (T7)' is connected to 'I am concerned about animal welfare (T5)' by a purple line.
- Grey node:**
 - 'My religion restricts some meats' is connected to 'I select meat for health benefits (T11)' by a purple line.

The diagram illustrates a network structure with six nodes: T0, T5, T7, T11, T19, and T26. The nodes are color-coded: T0 is blue, T5 is light blue, T7 is orange, T11 is light orange, T19 is green, and T26 is light green. The connections are as follows:

- T0 is connected to T19 by a thick blue line.
- T0 is connected to T5 by a thick orange line.
- T0 is connected to T11 by a thin blue line.
- T5 is connected to T7 by a thin blue line.
- T5 is connected to T11 by a thin orange line.
- T5 is connected to T19 by a thin orange line.
- T19 is connected to T26 by a thin blue line.

The diagram illustrates the relationships between various factors influencing meat consumption habits. The nodes and their connections are as follows:

- Nodes:**
 - I avoid processed meats (T0)
 - My religious beliefs influence meat choices (T0)
 - Learning about the meat industry influenced me (T0)
 - I prefer grass-fed or ethical meat (T0)
 - Learning about health shaped my meat habits
 - I avoid eating pork
 - I eat meat with most meats (T19)
 - I eat only certain types of meat
- Connections (Edges):**
 - Orange Edges:**
 - I eat meat with most meats (T19) to I eat only certain types of meat
 - I eat only certain types of meat to I avoid processed meats (T0)
 - I eat meat with most meats (T19) to I prefer grass-fed or ethical meat (T0)
 - I eat meat with most meats (T19) to Learning about the meat industry influenced me (T0)
 - Purple Edges:**
 - I avoid processed meats (T0) to My religious beliefs influence meat choices (T0)
 - I avoid processed meats (T0) to Learning about the meat industry influenced me (T0)
 - I avoid processed meats (T0) to Learning about health shaped my meat habits
 - My religious beliefs influence meat choices (T0) to I eat only certain types of meat
 - My religious beliefs influence meat choices (T0) to I avoid eating pork
 - Learning about the meat industry influenced me (T0) to I prefer grass-fed or ethical meat (T0)
 - Learning about the meat industry influenced me (T0) to Learning about health shaped my meat habits
 - I prefer grass-fed or ethical meat (T0) to I avoid eating pork
 - Learning about health shaped my meat habits to I avoid eating pork
