

The diagram illustrates a network of 10 nodes representing factors influencing plant-based eating. The nodes are color-coded and labeled as follows:

- Blue nodes:**
  - T0: I have tried plant-based meat alternatives
  - T1: Traditional family values include eating grilled meat
  - T10: I want to get enough protein
- Orange nodes:**
  - T6: My family is motivated by health and age
  - T8: I want to have energy for work
  - T-1: I enjoy cooking and buying meat
- Green nodes:**
  - T18: I want to lose or maintain weight

Relationships (edges) are shown between the nodes:

- Purple edges (stronger relationships):**
  - T0 to T1, T6, T8, T10, T18
  - T1 to T0, T6, T8, T10, T18
  - T6 to T0, T1, T8, T10, T18
  - T8 to T0, T1, T6, T10, T18
  - T10 to T0, T1, T6, T8, T18
  - T18 to T0, T1, T6, T8, T10
- Orange edges (weaker relationships):**
  - T6 to T-1
  - T8 to T-1
  - T-1 to T18

The diagram illustrates the relationships between six meat-related beliefs, represented as nodes and connected by edges. The nodes are:

- T8 (Green):** I want to regulate my weight (T8)
- T-1 (Blue):** I enjoy eating meat (T-1)
- T1 (Orange):** Family traditions involve eating meat (T1)
- T0 (Blue):** I am concerned about sustainability of meat (T0)
- T11 (Red):** I am concerned about meat healthiness (T11)
- T19 (Pink):** I balance meat intake for health (T19)

The connections (edges) are as follows:

- Orange Edges:**
  - T8 to T-1
  - T8 to T1
  - T8 to T19
- Purple Edges:**
  - T-1 to T1
  - T-1 to T11
  - T-1 to T19
  - T1 to T0
  - T0 to T11
  - T11 to T19

A network diagram with six nodes: T8 (green), T1 (orange), T-1 (blue), T0 (light blue), T11 (red), and T19 (pink). The nodes are connected by edges. Orange edges connect T8 to T19, T1 to T19, and T-1 to T19. Purple edges connect T8 to T1, T8 to T-1, T8 to T19, T1 to T0, T1 to T11, T-1 to T0, T-1 to T11, T0 to T19, T11 to T19, and T0 to T11.
