

Meat feels healthy and satisfying (T17)

I eat chicken three times a week (T0)

Eating meat feels normal and comfortable (T2)

I enjoy the taste of meat (T25)

Meat fits my daily routine (T1)

I eat beef four times a week (T14)

My social group eats meat regularly

I am open to trying new foods (T24)

A graph visualization showing a network of nodes and edges. The nodes are labeled T0, T17, T2, T25, T14, and T24. The edges are colored purple and orange. The purple edge connects T0 and T17, and T17 and T2. The orange edge connects T25 and T24. Node T14 is isolated.

The graph consists of three nodes and one edge. Node T17 is a green circle with a black outline, located at approximately [200, 150]. Node T19 is a green circle with a black outline, located at approximately [420, 250]. Node T12 is an orange circle with a black outline, located at approximately [660, 180]. An orange line connects T17 and T19. T12 is not connected to any other nodes.
