

Wave 1 — LLM (stances)

A network graph showing connections between various stances. Nodes are represented by colored circles: blue, orange, red, green, and purple. Edges connect nodes based on their similarity. The stances include: "My family eats pork and beef regularly (T1)" (blue), "I have high cholesterol (T-1)" (blue), "My doctor recommended cutting red meat (T2)" (orange), "I have cut back on red meat (T2)" (orange), "I grew up eating pork dishes (T23)" (purple), "I want to be healthier (T8)" (red), "I have lost weight after reducing meat (T7)" (green). Edges are colored purple or orange.

My family eats pork and beef regularly (T1)  
I have high cholesterol (T-1)  
My doctor recommended cutting red meat (T2)  
I have cut back on red meat (T2)  
I grew up eating pork dishes (T23)  
I want to be healthier (T8)  
I have lost weight after reducing meat (T7)

Wave 2 — LLM (stances)

A network graph showing connections between various stances. Nodes are colored circles: blue, orange, red, green, and purple. Edges connect nodes based on their similarity. Stances include: "I have always eaten meat with every meal (T19)" (red), "Doctor advised me to reduce red meat (T2)" (orange), "I enjoy finding tasty fish alternatives (T3)" (orange), "Meat is part of family tradition (T1)" (blue), "I am trying to cut back on meat (T2)" (orange), "I have vegetarian friends (T4)" (green), "Most family meals include meat (T1)" (orange), "My family supports me eating less meat (T1)" (blue), "I want to lower my cholesterol (T-1)" (blue), and "I have cravings for meat (T22)" (purple). Edges are colored purple or orange.

I have always eaten meat with every meal (T19)  
Doctor advised me to reduce red meat (T2)  
I enjoy finding tasty fish alternatives (T3)  
Meat is part of family tradition (T1)  
I am trying to cut back on meat (T2)  
I have vegetarian friends (T4)  
Most family meals include meat (T1)  
My family supports me eating less meat (T1)  
I want to lower my cholesterol (T-1)  
I have cravings for meat (T22)
