

Diagram illustrating the relationships between various statements related to meat consumption, categorized by color-coded nodes:

- Blue Nodes:**
  - I prepare meat for husband and son (T-1)
  - I am a vegetarian (T0)
  - I am a meat eater (T0)
  - I am a pescatarian (T0)
- Orange Node:**
  - My family likes to eat meat (T1)
- Green Nodes:**
  - I want a balanced, healthy diet (T6)
  - I believe meat provides necessary protein (T3)
  - I eat more lean meats to be healthy (T0)
- Red Node:**
  - I am sensitive to meat texture (T11)
- Purple Nodes:**
  - I am picky about eating meat (T13)
  - My mood affects my meat eating (T0)

Connections (Edges) between nodes:

- I prepare meat for husband and son (T-1) is connected to My family likes to eat meat (T1), I want a balanced, healthy diet (T6), I believe meat provides necessary protein (T3), and I eat more lean meats to be healthy (T0).
- My family likes to eat meat (T1) is connected to I want a balanced, healthy diet (T6), I believe meat provides necessary protein (T3), and I eat more lean meats to be healthy (T0).
- I want a balanced, healthy diet (T6) is connected to I believe meat provides necessary protein (T3) and I eat more lean meats to be healthy (T0).
- I believe meat provides necessary protein (T3) is connected to I eat more lean meats to be healthy (T0).
- I am sensitive to meat texture (T11) is connected to I am picky about eating meat (T13).
- I am picky about eating meat (T13) is connected to My mood affects my meat eating (T0).
- My mood affects my meat eating (T0) is connected to I am sensitive to meat texture (T11).

```

graph LR
    T-1((T-1)) --- T1((T1))
    T-1 --- T0((T0))
    T1 --- T0
    T1 --- T6((T6))
    T1 --- T3((T3))
    T0 --- T6
    T0 --- T3
    T0 --- T11((T11))
    T0 --- T13((T13))
    T11 --- T13
    T6 --- T3
  
```

A graph with five nodes: T11 (pink), T-1 (blue), T1 (orange), T2 (orange), and T9 (red). Edges connect T11 to T1, T2, and T9; T-1 to T1, T2, and T9; T1 to T2; and T2 to T9. Two edges, T11-T1 and T-1-T1, are highlighted in orange.
