

The diagram illustrates the relationships between nine statements (T1 through T9) related to meat consumption. The nodes are represented by colored circles, and the edges are colored lines indicating the strength or type of relationship.

Nodes and Statements:

- T1 (Orange):** I want animals to have decent lives
- T2 (Green):** Social contacts are motivated by animal welfare
- T3 (Orange):** I feel guilty about animal suffering
- T4 (Blue):** I discuss meat-eating with vegans
- T5 (Orange):** I eat meat at most meals
- T6 (Brown):** Meals without meat feel incomplete
- T7 (Orange):** I think meat is good for health
- T8 (Purple):** I love the taste of meat
- T9 (Blue):** I discuss meat-eating with vegans

Relationships (Edges):

- Orange Edges (Stronger/More Frequent):**
 - T1 to T3
 - T1 to T5
 - T1 to T7
 - T3 to T5
 - T3 to T7
 - T5 to T7
 - T5 to T8
 - T7 to T8
 - T8 to T6
- Purple Edges (Weaker/Less Frequent):**
 - T2 to T1
 - T2 to T3
 - T2 to T5
 - T2 to T8
 - T4 to T3
 - T4 to T5
 - T4 to T8
 - T9 to T3
 - T9 to T5
 - T9 to T8

A network diagram showing six nodes (T17, T5, T12, T-1, T25, T27) connected by edges. The nodes are colored: T17 (red), T5 (orange), T12 (green), T-1 (blue), T25 (purple), and T27 (brown). The edges are colored: purple edges connect T17 to T12, T17 to T25, T12 to T25, T12 to T27, and T25 to T27; orange edges connect T17 to T5, T5 to T-1, T12 to T-1, T5 to T27, and T-1 to T27.
